PAST WEEK IN CIRCUIT COURT.

Hartshorn, Ky., Feb. 23.—(Special.)—The actions of Peyton Scott's admr. vs the L. H. & St. L. Ry. Co. and Blon Jolly's admr. vs. the L. H. & St. L. Ry. Co. for damages, were continued until next term of this court.

The jury were excused on Thursday and court adjourned the following day.

The case of C. L. Board, agent against Richard Harper was settled by the parties and dismissed.

The court sustained the demurrer to the petition in the case of Eugene Goff vs. E. A. May & c, and the action was continued.

The demurrer to the petition in the suit of Mary E. Keith vs. Grand Lodge of the A. O. U. W. was overruled and the action continued until next term.

The jury in the suit of Thomas Bond vs. the L. H. & St. L. Ry. Co. returned a verdict for the plaintiff in the sum of \$133. The amount involved is too small to take the case to the court of appeals.

The suit of Alonzo Bennett vs. T. J. Triplett & c having been settled by the parties, was dismissed on motion of the plaintiff.

The demurrer to the petition in the three suits against S. A. Pate for taxes alleged to be due the county, were sustained. This is a decided victory for Mr. Pate.

The suit of Clint Davies vs. Wortham Hensley was for damages for alleged fraud in a horse trade. The jury brought in a verdict for \$65 for the plaintiff.

Among the visiting attorneys at this term of court were J. H. Trent, of Brandenburg, V. O. Habbage, Cloverport, Col. Bennett H. Young, Louisville, R. A. Miller, J. Allen Deane, Jas. R. Skillman, of Owensboro, Ben D. Ringo, of Hartford, and A. L. Faurest, of Elizabethtown.

The case of Jack Allen vs. F. P. Payne for damages under execution sale was decided for the defendant. The court overruled a motion for a new trial.

G. W. Board, W. S. Cart and John Boyd were appointed jury commissioners for the ensuing year.

There were six divorces granted at this term of court.

The court sustained demurrer to the petition as amended in the two cases against V. B. Bunnage, admr., for taxes alleged to be due the court. It is not known what further steps the attorneys for the plaintiff will take.

Aims to be Oldest Subscriber.

Red Fork, I. T., Feb. 13, 1904. Mr. J. D. Babbage, Editor News Dear Sir—Enclosed you will find money order for my arrears and to renew my subscription for another year. This will make 35 years that I have been a subscriber to the News and I am aiming to live long enough to be the oldest subscriber.

Any one living out of Brockenridge county regards the News as a letter from home, for the home folks neglect you and the News is always on time. And the letters you send published from our home county show how they appreciate the home paper. We see letters from Wathen Henderson in the far east. Paul Harris in frozen Quebec, and Blon Jolly in California's sunny clime I would write you a long letter, but am afraid of the yawning waste basket. Wishing you nothing but success, I remain, as ever,

Yours truly
Edgar Addison.

Must Be In By March 1.

J. E. Wright, of Louisville, was in the city last Wednesday in interest of the Kentucky Exhibit Commission. Mr. Wright was here to collect minor exhibits from Brockenridge county to be placed in the Kentucky building at the World's Fair, and to instruct exhibitors how to prepare the exhibits which they had promised. W. U. Grider, of Bowling Green, who was here last summer in interest of the Kentucky Exhibit Association Mr. Wright said that all mineral exhibits must be shipped to the Kentucky Exhibit Commission's warehouse, at Third and Green streets, in Louisville, by March 1, in order to receive proper attention and be in the Kentucky building by May 1.

LOCAL KNIGHTS GIVE BANQUET

The local Knights of Pythias gave an enjoyable banquet in Oelze's Hall Friday evening to the members of the lodge, their families and a number of invited guests. The inclemency of the weather prevented many of those invited from being present. Among these were the members of the lodge residing in Tobsport, Ind., the Cannelton and Hawesville lodges, and local Knights in whose families there was sickness. Among the specially invited guests were J. D. Covington of Bowling Green, Grand Chancellor, J. W. Carter, of Owensboro, Grand Keeper of Records and Seal, and other grand lodge officers, who had to be present Friday at the installation of a new lodge at Central City.

One of the features of the occasion was a talk on Pythianism by Prof. R. L. Oelze, principal of the high school. As none of the ministers of the town, who had been invited, were present, the lodge honored Prof. Oelze by asking him to make the talk, which was appreciated by the members. The Cannelton band and the phonograph furnished music during the evening.

The banquet was given on the fortieth anniversary of the foundation of the order of Knights of Pythias, which now has about 600,000 members in America.

Mails Are Being Weighed.

Beginning last Wednesday, the work of weighing the mails on the various railroads in the southern contract division of the United States, will continue for thirty consecutive working days on every train throughout the South. The mails are weighed to determine the amount to be paid the railroads by the government for transporting them. This is done every four years. The country is divided into four districts and the work is so arranged that the test is applied each year in one of the four districts.

Each train is in charge of a special inspector monthly appointed. The Henderson Route requires a number of inspectors, as it carries eight mails a day. C. H. B. Jenks, chief clerk of the railway mail service, has general charge of the work in this section.

Social Club Organized.

Irrington, Ky., Feb. 23.—(Special.)—A social club was organized at a meeting of Mr. and Mrs. W. J. Piggott on Tuesday evening, with the following members enrolled: Mr. and Mrs. W. J. Piggott, Mr. and Mrs. C. Chamberlain, Dr. and Mrs. L. B. Moreman, Mrs. Nannie Wathen, Messrs. Ellen Munford, Anne Lee Bandy, Mable McElathian, Mary Wathen, Eva Herndon, Elsie Biggs, and Messrs. H. H. Kemper, Wm. Hopper, J. R. Wimp, Jr., J. F. Biggs and H. M. Jolly, Jr. After the organization of the club was delightfully entertained at progressive crimp.

The club will be entertained this evening by Dr. and Mrs. L. B. Moreman.

Upset Price is Now \$9,000

The United States Circuit Court has ordered another sale of the Patton brickyard, by an annulled decree, as there were no bids on the plants when it was to be sold on Friday, February 13, in accordance with the first order of sale to foreclose the mortgage held on it by the Columbia Finance and Trust company. The upset price has been reduced from \$22,000 to \$9,000 and the second sale is ordered to take place on the grounds on Wednesday, March 23, with Mr. N. Hudson to conduct as Special Master of sale. Beginning in this issue the sale will be advertised for four weeks.

Leg Broken While Coasting.

Alvin Medavock, a pupil of the Cloverport high school, suffered a broken leg and a sprained ankle Friday while coasting down a hill near the school, during the noon recess. The sled he was on ran into a fence and his feet struck it, breaking the lower part of the left leg in two places and spraining the ankle. Dr. Simons attended the injuries and his patient is now at the Moorham House, where he will have to remain several days before he can be removed to his home, about two miles from town.

A Handsome Trio.

Under the caption, "Trio of Handsome Young Women of Hartshorn," Saturday's Louisville Times contained the pictures of Misses Beulah Hook, Margaret Baker and Ella Ahl, of that place.

NEW BUILDING AT THE BURG.

Hartshorn, Ky., Feb. 23.—(Special.)—The Masons have purchased of Dr. A. M. Kincheloe the lot on Main St. between his drug store and Scott & Shulman's. The consideration was \$564. The lot is 47 feet front and extends back 101 feet. The lodge will erect a three-story brick building, at a cost of about \$5,000. The first floor will be used as a store, the second floor will be made into offices, and the third story will be the lodge and chapter rooms. It will be the best building of its kind in the county. The Masons hope to raise by subscription sufficient funds to pay for the lot. Dr. Kincheloe did the handsome thing by donating \$35 for that purpose. It is expected that the building will be ready for occupancy this fall.

New County Proposed.

Hartford, Ky., Feb. 19.—The people of Fordville, this county, are making an effort to form a new county with their town as the county seat. They want to get enough territory from the adjoining counties of Hancock, Daviess, Grayson, Breckenridge and Ohio to do this. A name has not yet been agreed upon.

Home For Destitute Women.

"To provide a permanent home for old and destitute women of Kentucky, by means of which much suffering attendant on destitute old age may be relieved or avoided and whereby feeble old women, who are unable to provide for themselves the necessities of life, may find this home a shelter and rest in their declining years."

This is the way the trustees of Parr's Rest believe the late Louisville capitalist intended his \$400,000 bequest to be used, and they thus set forth the object of their corporation in articles filed in the Jefferson county clerk's office last week.

Hubert Piggott Wins Honors.

Irrington, Ky., Feb. 23.—(Special.)—Hubert Piggott, one of Irrington's most promising young men, who is attending Berea College, received the highest honor in the annual debate on Washington's Birthday last year. He was awarded the gold medal in the annual debate.

FRENCH POLITENESS.

It is widespread, oppressive and time consuming.

During one summer which I spent among exclusively French people in a hotel at Saint-Germain I estimated that I lost quite twenty-four hours out of each week saying good morning and good evening to the men, women, if the children and dogs about me. If you encounter the same person twenty-five times in the same day, you must snarl-rapturously, pause, at least shake hands if you do not kiss, ceremoniously inquire how he or she is "going" and ceremoniously bid him or her "au revoir" at parting. Not only every man and woman expects this, but all the little children toddle up to you, shake hands and exact the same amount of ceremony. Then every well regulated French family has a dog that more than likely occupies a chair and eats off a plate beside you at the table, so that it is considered churlish if you do not also stop and tell the dog "bon jour" and "au revoir" a dozen times a day, pausing to take the paw which he is prettily taught to extend to you.

When the washerwoman brings home your linen, there are at least five minutes spent in ceremoniously greeting and parting from her. In the operation of receiving and paying for linen you exchange "merci" and "pardon" not fewer than ten times. Any other person or tradesman who comes to do business with you, there are at least five minutes spent in ceremoniously receiving with "bon jour, monsieur," and "au revoir, monsieur," and you thank him and beg his pardon as often as you can possibly get the words into the length of time he has to stay.—Harper's Bazar.

Animals Enjoy Racing.

Little pigs are great at combined play, which generally takes the form of races. Emulation seems to form part of their amusement for their races seem always to have the winning of first place for their object and are quite different from those combined rushes for food or countless stampedes in which little pigs are wont to indulge. Racing is an amusement natural to some animals and, being soon taught by others, becomes one of their most exciting pastimes.—London Tit-Bits.

Why He Did Not Turry.

The importunate lover had just proposed. "Let your answer be a vowel with a consonant on either side of it," he gently begged her. The charming girl smiled. "Very well," she said. "Glt."—Cleveland Plain Dealer.

A Distract of Literature.

"You are always more or less skeptical about what you see or read in the papers," answered the man who has his own ideas about things. "Truth may be at the bottom of a well, but it isn't an ink well."—Washington Star.

Men and Animals in Water.

The animal has no advantage in any way in water over man, and yet the man drowns, while the animal swims. The dog, the horse, the cow and even the cat all take to the water and are able to walk as they do when out of water. Throw a dog into the stream, and at once he begins to walk just as he does on dry land. Why should a man, woman or child act differently under like circumstances?

It seems strange that people have to be told to do what the animals do instinctively and instantly. Man's ignorance of so simple a thing as treading water is remarkable. It is without reason or excuse. There is a popular notion abroad that in some way the dog and other animals have an advantage over man in water. Nothing could be further from the truth. The advantage lies with man, who is provided with a paddle formed hand and knows enough to float when tired, something the animal rarely or never does.

Ancient Sports Among the Hebrews.

Pigeons as letter carriers, tradition tells us, were employed at the time when Joshua invaded Palestine as mediums of communication between headquarters and camps in lands far off on the other side of the Jordan. At the time of the Talmud they were used in amusing games. The Talmud tells us that betting was indulged in at the pigeon play. The owner of the pigeon which reached first the point designated was the winner.

Another play connected with betting was the kubbya. Kubbya means a small pot (Arabic kubbela, small glass). The kubbya was a little pot wherein dice were shaken and thrown upon the table. The dice were numbered as our modern ones are. Against these were games the Talmud was in arms, and their players were not allowed to appear as witnesses before the bar.

HOW TO FOLD A LETTER.

Only a Small Percentage of Applicants Know the Right Way.

"I see you have lots of applications," said the advertising manager to the business house manager who had advertised for a typewriter and book-keeper.

"From all over New England," said the business man, lamely, his pockets full. "But what some of the girls who answer are thinking of I can't imagine. Here is one girl who will come fifty miles to take a place at \$2 a week."

"Can you tell much as to their qualifications by their letters?"

"Can't tell. Well, rather. For instance, there is the writing; there is the spelling of the words; there is the way the letter is put together; there is even the way the letter is folded. Ever think that letters are folded so as to save time nowadays?"

"No," said the advertising man. "It's all I can do to get the stamps to put on 'em. My stenographer folds 'em all right, I guess. How should it be done?"

"Easy enough, simple enough, but folded wrong often enough," said the business man, continuing. "If your typewriter knows her business she takes the sheet and folds it up from the bottom toward the top, leaving the proper width for the envelope, then over from right to left and from left to right—so. Then when your letter is opened it is right side up. See?"

"I see," murmured the advertising man. "And how many applicants fold their letters that way?"

"Oh, three or four out of a dozen, perhaps. Quite a commentary on business as she is taught, eh?" remarked the business man as he strolled away.—Springfield Republican.

An Early Riser.

A strong, healthy, active constitution depends, largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by All Druggists.

A Tort Report.

In arguing a case in an English court the late Frederic Rene Coudert, whose wit was rapid-like, took occasion to deprecate the legal learning of Lord Chancellor Fitzgibbon, whom his opponent was quoting. The trial judge took kind exception to this. "I have read his opinions," he said, "and I have often wished I knew as much law as he did." "I wish you did!" retorted Coudert.

There is not only poetry, sentiment
and enthusiasm on the Henderson
Route but there is plenty of business. Watch the double
headers passing.

This town is growing better and
more patriotic. The American flag
was displayed at several business
houses and the post-office was hand-
somerly decorated Monday. An enter-
prising and patriotic young man
planted the flag on the highest tele-
phone pole in the town. We like the
spirit that prompts this.

"The method of the American busi-
ness man," says the Saturday Evening
Post, "represents two elements: first,
'fire the feds'; second 'pay good men
good salaries.' The American man-
ufacturer and merchant believes and
practices the principle that he has no
room for employees who are inefficient
or dishonest. At any price, however
cheap, they cost the most. He also
believes that employees, wise, effi-
cient, honest, who are gifted with ini-
tiative, energy and patience, are the
cheapest at the highest age. 'I must
discharge a man to whom I am pay-
ing five thousand a year; I want a
man whom I can pay ten thousand a
year.' This is the remark of a distinguished
manufacturer. The ablest men are the
cheapest; the cheapest men are the
most expensive.

Beware of Ointments for Catarrh that
contain Mercury.
As mercury will surely destroy the
sense of smell and completely de-
stroy the whole system when enter-
ing it through the mucous surface.
Such articles should never be used ex-
cept on prescriptions from reputable
physicians, as the damage they will
do is tenfold to the good you can
possibly derive from them. Hall's
Catarrh Cure, manufactured by J. F.
Cheney & Co., Toledo, O., contains no
mercury, and is taken internally, ac-
tually reaching the blood and mu-
cous surfaces of the system. In buy-
ing Hall's Catarrh Cure be sure you
get the genuine. It is taken internally
and made in Toledo, Ohio, by J. F.
Cheney & Co. Testimonials free.

That is part of the statement of one
woman, mother of six children, who
found new life by the use of Dr. Pierce's
Favorite Prescription. It is not the
ordinary cares of the family, nor the
obligations of motherhood, which
make women prematurely old. But it is
the womanly diseases, draining away
the vitality, and undermining the strength,
which take the roundness and suppleness
from the form, the bloom from the
cheek and the brightness from the eye.

Dr. Pierce's Favorite Prescription regu-
larizes, cures enfeebling drains, lessens
inflammation and irritation, and cures
female weakness. It makes weak women
strong and sick women well. It brings
back the lost vitality of the system, and
restores the light-heartedness of her
brilliant days. This is the testimony
of thousands of women who have re-
newed their youth by the use of "Fa-
vorite Prescription."

Robbers Make Use of This Herb.

In New Caledonia there is said to be an herb which has the rare property of revealing one's secrets. It is known as the Datura stramonium, and has white flowers and rough berries full of dark grains. They are treated in the "Annals of Hygiene and Colonial Medicine." A person who has swallowed the tea made of this herb will find falling asleep till where his money is hidden and will also arise and go direct to where his treasure is concealed. Robbers often use this tea as knockout drops with which to rob their victims.

Crab shells as Barometers.

A curious barometer is said to be used by the remnant of the Araucanian race which inhabits the southernmost province of Chile. It consists of the cast off shell of a crab. The dead shell is white in fair, dry weather, but the approach of a moist atmosphere is indicated by the appearance of small red spots. As the moisture in the air increases the shell becomes entirely red and remains so throughout the rainy season.

Sleep For Insomnia.

Patient—Can you give me something for insomnia? Physician—I can recommend something, which amounts to the same thing. Patient—For heaven's sake, tell me at once. Physician—There is, in fact, only one sovereign remedy for sleeplessness, and that is sleep. Three dollars, please.—Boston Transcript.

My luck is the best any man ever had.

R. L. Newsom's COLUMN.

Now, my friends, I advise you not to read the following list if you expect to hold on to your money, as the temptation will be very great to invest it in some of the bargains offered.

What is the use of always renting property when you can buy? I have several pieces of property which have paid for themselves three times.

I shall take pleasure in driving you around and showing you the city property.
